 Idiom of the Day is ....

skeletons in the closet

英英: Are things about your past which you would prefer not to tell to other people.

意味: 外聞をいぼかる家庭内(秘)の秘密, 内輪の恥

Years after a person has died, only the skeleton remains, and a skeleton of bones can be a frightening thing to look at.

例文

① "I had only known her for one week. How could I know what skeletons she had in her closet?"

② "I don't want anything to do with that guy; he has too many skeletons in the closet."
